

## The Canadian Lakehead Wireless Experimenters

The regular monthly meeting of the Club was held on January 28th (1948) in the Mary Black Library in Westfort with a goodly number of Amateurs and other interested persons in attendance.

President Ray Godsalve-VE3RA, presided and called the meeting to order. This was followed by roll call and introduction of guests.

The minutes were read by the Secretary and confirmed on a motion of Ralph Parker-VE3HU and Bert Lambert-VE3BKY.

Correspondence from the Department of Transport dealing with amateur frequencies allocated to Frequency Modulation was noted and filed.

Typist' Note: Effective immediately, frequency modulation transmissions are permitted on the following Amateur Experimental Station bands:-

From	To	
3850	3900	kc/s
14200	14250	kc/s
28500	29000	kc/s
51000	52500	kc/s

A letter of thanks from the "Ontario Food for G's" Fund Campaign was also read and authorized to be filed.

Under the Item of Unfinished Business, the following subjects were discussed:

Next Meeting-A committee consisting of Bert Tamblin-VE3ANP, Fred Rolley-VE3AWV and Ron Seaborn-VE3HW was appointed to arrange for the next meeting.

New Amateurs- Pat O'Shea-VE3FW offered to give prospective amateurs one hour of code instruction each Friday between the hours of 8-9:00 pm.

B. C. I.-Considerable discussion took place in connection with this contentious subject. The discussion arose out of a complaint by Pat O'Shea-VE3FW that (*a radio salesman had claimed that*) his transmitter had been guilty of a "power peak" which had caused interference to a brand new AC/DC Receiver. The particular radio salesman had blamed the transmitter rather than the cheap characteristics of the small receiver. The following resolution was finally presented and adopted:-

Moved by Pat O'Shea-VE3FW seconded by Bill Loftus-VE3BBA:

That we give the Secretary authority to call upon the different dealers and explain the trouble that we are having with small sets with a view to reaching a better understanding and cooperation from all persons concerned. Carried.

The final portion of the evening was devoted to an auction sale of radio parts conducted by Bill Loftus-VE3BBA.

The meeting adjourned at 11:00 pm.
