

?? May 1967

### Lakehead Amateur Radio Club

The may meeting was held in the Civil Defence Building, Fort William. The meeting commenced at 8:10 pm with the President in the Chair. There were 12 members, including past Secretary Treasurer Peter Boyle - VE3DPJ.

The dinner meeting had to be cancelled due to the very poor showing, and the members present were advised that the annual elections will be held at the June meeting.

The visit to the Hydro Steam plant also had to be scrapped due to the labour problem with Hydro and the unavailability of guides. The visit will be rescheduled to a future date.

The HW-12A, along with a home-brew power supply, was officially handed over to the Club by Dr. Errol Tarnow - VE3FSE. This rig is available to any member who has the advanced ticket and wishes to get on 75 Metre SSB. It is in the safe hands of Bill - 3C3EEW.

The matter of the Club affiliating with the RSO was brought up, but no decision was made.

The Secretary Treasurer has received a cheque for \$14.90 from the Lakehead Search and Rescue Group to completely pay for the mobile supply.

Field Day preparations were brought up, but the organizer, Bill - 3C3EEW, did not have much to report other than that 4 sites were being considered. (Not the Start homestead.)

The meeting was adjourned at 8:50 pm for coffee and stuff, after which we viewed a movie on the sun shown by the Astronomy Club. The Hot-Water Twelve was also in use again.

Signed:

W. K. Klemacki 3C3EEW  
for the Secretary Treasurer  
Robert Browning - VE3EEM
