

8 June 1967

Lakehead Amateur Radio Club

The June meeting of the Lakehead Amateur Radio Club was held in the Civil Defence Building on Waterloo Street, with the meeting commencing at 8:15 pm.

The minutes of the last meeting were read and accepted.

The membership was officially informed that the DC power supply is now serviceable and is to be used along with the Club transceiver. It is noted here that the power supply is the property of the Lakehead Amateur Radio Club, and the donation from the Lakehead Search and Rescue is most gratefully appreciated.

The rest of the meeting was devoted to discussion on Field Day. The site this year is to be the National Defence Training Ground at Kakabeka Falls.

The annual election of officers was held at this month's meeting and the following amateurs have consented to guide the Club for the coming year:

President:	Dr. Errol Tarnow - 3C3FSE
1st Vice President	Bill Roberts - 3C3ARN
2nd Vice President	Bill Klemacki - 3C3EEW
Secretary Treasurer	Bob Browning - 3C3EEM
Directors:	Ray Forslund - 3C3EDZ
	Frank Start - 3C3AJ
	Steve Bush - 3C3EBS
Editor	Bill Klemacki - 3C3EEW
EC, Search & Rescue Patrol Cmdr.	Bill Roberts - 3C3ARN

The meeting adjourned at 9:00 pm and a number of the members QSY'ed to the site of the Ontario Hydro Steam Plant on Island No. 2 for a tour of the plant. Due to a slight mixup in arrangements, the gate was found to be locked and the fence was promptly breached by Bill Roberts - 3C3ARN and a key was procured for the rest of us not too athletic amateurs.

Signed:

Bob Browning 3C3EEM
Secretary Treasurer
