

MONTHLY  
LAKEHEAD AMATEUR

BULLETIN  
RADIO CLUB

Fort William - Port Arthur Ontario

November 1951

Regular monthly Meeting

November 21, 1951 at 8:00 pm

RCAF Building

Fort William

Programme for next meeting

Display of 75 Metre portable rig by Harry Stephens - VE3AIT, and technical discussion.

Movies of the usual variety  
"Atomic Alert"

Auction Sale - if you have any parts you would like to sell, place a minimum price on them, bring them along and we'll do our best to get a better price by auction.

Pat O'Shea - VE3FW, veteran amateur, will give a short talk on the early days of Amateur Radio and some of his experiences with radio in general.

Door Prize - 2 866 rectifier tubes will be given away to some lucky fellow along with the 2 6L6's which should have been given away at the last meeting.

The Secretary wishes to advise the fellows that ordered their pins engraved may now get same. Will have them at the Wednesday meeting. If you wish just call 3-6971 and you can get them sooner.

The Secretary also advised that the donation recently authorized by the Club to be forwarded to the Doug Thompson Fund, J Dryden Amateur Radio Club, has been looked after. Doug VE3DEM is an arthritic victim who, through the efforts of fellow hams, has been able to obtain treatments of the wonder drug which has improved his condition to such an extent that he can now use his "fist" on the key again. This matter was

brought to our attention by Al Fulton - VE3AKI.

#### Membership Pins

There are still a few members who haven't obtained their membership pins yet. These are available at an additional one dollar on the Membership. (Membership and pin totals \$3.00.)

Bert Tamblin - VE3ANP reports that ten and twenty are picking up.

Heard recently on twenty:

Brien O'Brien - VE3UA, Ben Burrell - VE3BMT, "Choppy" Walsh - VE3BPZ and Pat O'Shea - VE3FW.

Hec Wilson - VE3DMZ is burning the midnight oil (or Watts) on forty CW... hopes to be on ten phone soon.

Harry Stephens - VE3AIT, Frank Start - VE3AJ and Bill Roberts - VE3ARN are active on 75 Metre phone. This band has suffered a few poor nights during the past couple of weeks but there have been other nights of increased activity and --QRM!!!

We know that there is much more activity than reported in our bulletin but we would like to hear from you in order to have it for publication.

Word has been received that Flight Officer Paul Presidente who has so generously made the RCAF building available for our meetings, has now been transferred to Rockcliff, Ontario.
