All the members should be on hand for our big dinner meeting on Wednesday, November 26, at the New York Lunch, Fort William. Be on hand at 7 pm. We want to make this a good get-together. Business will be cut to a minimum. We are going to give away a brand new Call Book and a new Handbook for almost nothing at all.

Bill Roberts - VE3ARN will soon be back in business we expect, and judging by the power unit he was seen trucking home the other day, he will be using a KW of the Californian variety. Someone donate a receiver?

The following are active and looking for contacts...

...William Astle - VE3BAS working on 75 CW, Ray McLeod Sisson - VE3AEB on 10 M, Charles Christie - VE3AZW on 40 M CW and Reginald E. Martin - VE3DFF on 75 CW.

The following old timers haven't been heard in many moons...

...Earl Pattyson - VE3AZJ, Les Harris - VE3AYZ, Mrs. Frances Tamblin - VE3BVT, Ray Greer - VE3CH, Della O'Shea - VE3DMX, Chas. McDonald - VE3GS, Brien O'Brien - VE3UA, Arnold Johnson - VE3BGP and George Taylor - VE3BNJ.

At our last meeting, held in the RCAF Building, we had a very successful auction sale. Numerous articles were sold at give-away prices. We want to remind you that you can dispose of your surplus gear through our advertising columns for free.

Bert Tamblin - VE3ANP is back in business after a short lay-off, with reconditioned 10 and 20 Metre beams.

Ray McLeod Sisson - VE3AEB reports working across the lake on 10 Metres, 180 miles.

The local rag-chews have been quite successful with Bert Tamblin - VE3ANP, Ben Burrell - VE3BMT, "Choppy" Walsh - VE3BPZ, Ted Dunderdale - VE3BBO, Hec Wilson - VE3DMZ and Pat O'Shea - VE3FW all participating. There should be a few other locals around to join in, c'mon gang. The more the merrier. By the time it's your turn you can have your coffee and doughnuts all finished.

Hec Wilson - VE3DMZ reports great activity on the 160 Metre band - one CQ and about 10 replies. Apparently VE3's are rare DX on this band.

Frank Start - VE3AJ is still waiting for a reply to his CQ 75 last week.
