

LAKEHEAD AMATEUR RADIO CLUB

February 1953

Monthly Bulletin

The regular monthly meeting of the Lakehead Amateur Radio Club will be held on Tuesday, February 24th at 8 pm in the R.C.A.F. Building, Victoria Ave., Fort William.

We are looking forward to a good turn-out of members, especially when you get rid of the Officers and Executive. In other words, we are due for nominations.

Bill Roberts - VE3ARN, who incidentally will be in the Chair due to the absence of Pres. Frank Start - VE3AJ, will give a demonstration of 6 metre equipment.

40 metre phone is now open to the W's. Listen in sometime to the Heterodynes.

HEARD ON THE AIR-WAYS

Choppy Walsh - VE3BPZ heard taking traffic from VE8, passing it to VE1, back to VE8 all inside of half an hour. Nice work Choppy.

Ted Dunderdale - VE3BBO really going to town on 20.

Ben Burrell - VE3BMT working a mean fist on CW - What's the matter Ben, Hec Wilson - VE3DMZ taking up too much on the band?

Bert Tamblin - VE3ANP also doing a stellar job on 20.

Harry Stephens - VE3AIT reports great doings on 75, Wisconsin, Sioux Lookout, Winnipeg and especially the Michigan Peninsula, so there is lots of room for more VE3's, How about it?

Bert Lambert - VE3BKY, another CW man also in the process of building.

Al Fulton - VE3AKI still doing his bit on 40.

Ralph Parker - VE3HU is with us again with a beautiful signal and a neat remote control set-up.

Pat O'Shea - VE3FW still available for traffic on 75.

William Astle - VE3BAS and Bob Mann - VE3AHJ reported experimenting with VHF. Let's know the results fellows.

Bill Roberts - VE3ARN rebuilds his rig during local rag-chews. It's a gift, eh Willie!

Hec Wilson - VE3DMZ heard trying to compete with the W's on 40 phone with no results.
