

January 1954

Lakehead Amateur Radio Club

January Bulletin

The next regular meeting of the Lakehead Amateur Radio Club will be held in the Club rooms, Court House building, Donald Street in Fort William, Tuesday evening January 26th 1954 at 8 pm.

Your executive held a meeting last Tuesday evening at which time it was suggested that the next work meeting should pretty well put the Club station in readiness for operation.

After a little clever sleuthing by Harry Stephens - VE3AIT it was found that a drop of solder should put the receiver in top working order.

Pat O'Shea - VE3FW we note is doing a stellar job on the 75 metre phone net.

At one time it was mentioned it would be a good idea to have a District Net. A few weeks ago we heard a round table including Marathon, Geraldton, Fort Frances and Atikokan with Bob Adams - VE3ASL holding down the fort on this end (75 metres).

We understand that Herman Dalman - VE3DJD had a few tussles with his dentist. Hope you took it easy on him Herm and that you will be in circulation before too long.

Doing a little eaves-dropping the other day, I heard a couple of locals (not mentioning and names) talking about "Poor Willie". At first I thought maybe this is some new comic strip I hadn't heard of yet. However, upon further investigation, I learned that a certain member of the ham fraternity insists that when he heads for home after spending such a very enjoyable evening with such a congenial bunch of fellows, that he carries away with him no more, at the very most, two red cents. Which just goes to prove the old adage that just because you can read a schematic does not necessarily mean that you can read your hand. We anxiously await the next chapter which might be entitled "Willie Takes All".

If at any time you have news which you think might be of interest please give us a call and we will be glad to publish it in your monthly News Sheet.

We expect that this will be a short meeting, after which, for your enjoyment movies will be shown.
