

Executive Meeting 16 September 1957

Lakehead Amateur Radio Club

At C.M.C. Office.

Present: Bill Roberts - VE3ARN,
Herman Dalman - VE3DJD,
Choppy Walsh - VE3BPZ; and
Frank Start - VE3AJ.

Discussion on disposal of Club House and one mast.

Following proposal made by Bill Roberts - VE3ARN:

Proceeds of sale to be used for construction of two meter transceivers for use by Club members. These to be available to members in good standing for a period of 2 months. Suggestion that they be allotted by drawing lots. Also suggested that they be sold to members wishing to buy same, proceeds to be used to construct more units. In this was a two meter network could be formed with all members taking part. This is considered a live project in which all members could take part - open up a large field on experimentation with comparatively simple gear. It will put into use the memberships money now tied up in dead real estate.
