

9 March 1967

Lakehead Amateur Radio Club

The March meeting of the Lakehead Amateur Radio Club was held in the Civil Defence Building on Waterloo Street. The meeting commenced at 8:20 pm with President Doc Tarnow - VE3FSE in the Chair. There were 24 members and friends present.

The meeting commenced with the usual roll call. Following this, the minutes of the past meeting were read and accepted.

Correspondence for the month was read by the Secretary.

The President informed the members that the transceiver had been ordered and should be received shortly.

It was moved by Stan Stanford - VE3EEC that the kit be assembled by someone who has had previous kit building experience, and that the selection be left to the Executive. Seconded by Frank Start - VE3AJ. Carried.

Frank Start - VE3AJ reported that he is still working on the Annual Banquet, and should have something to report on at the next meeting.

The AC power supply for the transceiver was discussed and Bill Roberts - VE3ARN is to look after gathering of parts. If anyone has anything that might do, please see Bill. We will only be too glad to accept any components in good condition.

The business portion of the meeting was concluded at 8:45 pm.

Following a brief break, Ron Andrukaitis - VE2BKQ showed some film on past Field Day doings by the Montreal group and proved to be very interesting. This film was shown at a very opportune time, I think, as it will start the members thinking about the coming 1967 Field Day. This year it will take place on the last weekend in June, to be exact, June 24-25.

A dandy talk of antennas was given by Steve Bush - VE3EBS. I did not know we had such a specialist in the ranks. Although time did not permit Steve to elaborate on special antennas like quads, we certainly hope that he will take some more time soon and continue the discussions. The talk was very informative and I think that everyone came away with some of the mysteries cleared up.

Five associate memberships were sold during the meeting, and Bill Klemacki - VE3EEW turned in another eight.

Signed:

Robert Browning - VE3EEM
Secretary Treasurer
