

9 January 1969

Lakehead Amateur Radio Club

The original minutes for the period during which Kim Fernie - VE3EFW was Secretary Treasurer are not available. This, and other missing minutes have been compiled from the relevant issue of High-Q, Jim - VE3UA.

Murphy strikes again! The January meeting was, once again, supposed to feature a talk and demonstration on Electrical Safety by Ontario Hydro. Buuuutttttt..... it was cancelled at the last minute. So our thanks go to Wally Duffield of the Search and Rescue Unit, who ably filled in at last minute notice. Mr Duffield described the history of the Unit, from its initial formation up to and including the present course of instruction.

As of 9 January 1969, the Club had \$119.98 in the treasury.

Stan Chorley - VE3ECR moved that the Editor of High-Q look into the possibility of getting a sponsor for the magazine. This situation has come about because of financial hardships which are gobbling up the funds just to put out High-Q. Most members felt that High-Q was a necessary adjunct to the Club's life, but a way had to be found to at least make it break even.

According to our able Publicity man, Robert Browning - VE3EEM, the News-Chronicle may be doing an article on Lakehead Amateur Radio Operations in the near future.

Bill Klemacki - VE3EEW moved that a fee of \$5.00 be charged for the courses which starts on 19 January. \$2.00 of this was to be payment for the manual and \$3.00 would be the charge for the course, and would be refundable upon completion of 75% of the course, or upon acquiring their ticket, whichever ever comes first.
