Interest appears to be quite keen in their work towards obtaining the necessary qualifications for a certificate of proficiency. There are at present about thirteen in the classes.

Chairman Forslund called for suggestions from the floor re programmes for the coming winter months. Les Harris - VE3AYZ made several suggestions. One being a revival of station visits in which groups of members visit active amateur stations. He also suggested motion pictures on technical and other subjects. Villy Madsen - VE3GHO spoke of films being available from Bell Telephone and he will obtain more on the subject in the immediate future.

Don McKay - VE3GST reported further on the two metre repeater. Progress is being made and he expected it would soon be on the air.

A discussion took place re the relative merits of low VHF frequencies for use in Search and Rescue and similar emergency activities. Each have their advantages and disadvantages as outlined by Les Harris - VE3AYZ and Villy Madsen - VE3GHO.

A second call was made by the President for a volunteer to take over the duties of Emergency Coordinator. Phil Moorey - VE3AXL indicated his willingness to take over the job. Phil has always shown a definite interest in all Club activities since joining the Club and the membership wished him every success in this phase of amateur radio.
